COMMUNITY FUND

All Networks aim to enable people to Connect, Learn and Share

Golden Thread –
We are Stronger and Better Together

Voluntary Sector Collective issues will come from the wider environment and from the networks.

Each Network will run in the way that benefits the members and the wider sector.

e.g. the Marketing Network as well as bringing in speakers will bring together organisations to deliver joint campaigns.

e.g. Food Distribution investigating formalised joint working

CVS Intelligence Hub

A repository of information and resources

We have brought together reports, websites, toolkits and resources to help inform your work and wider knowledge of VCFS activity.

Topics of general interest are grouped within the following categories:

- National volunteering information
- National charity information and publications
- North West VCFS data
- Cheshire East information
- Impact measurement
- Brexit

We also have a range of resources covering specialist topics e.g.

- LGBTQ+
- Mental health
- Older people
- Physical disabilities
- Prisoners and ex-offenders

CVS CHESHIRE EAST - VCFS HUB

Voluntary, Community
& Faith Sector Hub

The Voluntary Community and Faith Sector (VCFS) Hub aims to connect people and organisations within Cheshire East to enable us to build dynamic communities, Inspire Volunteering and empower a voice.

It is for you to use, through the hub you can;

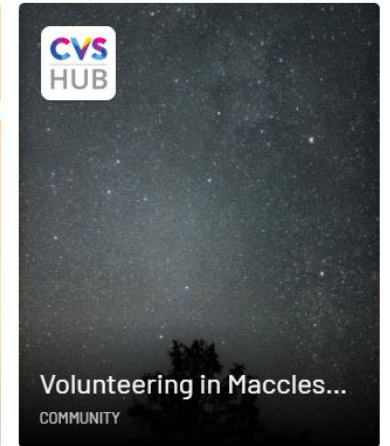

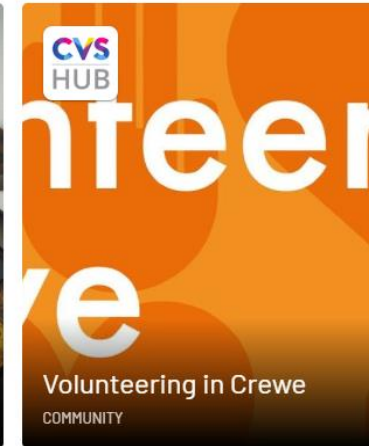

Find volunteer opportunities enabling you to #MakeGoodThingsHappen in our world

Link with other people working in the VCFS sector and share skills and knowledge

Be part of our networks and engage in conversation and debate and share your voice with others

If you are a VCFS organisation you can create your own section advertise your roles and link your volunteers up to activities and events you are running.

Caroline Whitney shared an update
13 hours ago

I am thinking about appointing a consultant to help us design some work. Has anyone done this or got a good example of others?

Caroline Whitney yes we have used Company X they were good, am happy to have a quick chat about it if you like

Questions

1) Emergency Response Planning

This workshop session will provide a chance to reflect on experiences of the sector's response to Covid and start to develop a future response process together.

2) Reducing Inequality – looking outward

This workshop session will focus on identifying and discussing gaps in knowledge on engaging and enabling BAME communities accessing our services.

3) The future of sector support

CVS is committed to supporting the VCFS in Cheshire East. COVID has changed the way that we all work. We would like to start discussions with members and the wider VCFS to identify what you want from us now and in the future.

We will open the rooms and move everyone into them

If you don't move or want to join a different group – you can leave that room come back to the main room and one of the team will assign you to where you want to go.
