## 5. Why should I be a Trustee for CVS Cheshire East?

CVS Cheshire East is working to our 5-year strategy which has some ambitious plans for how we will deliver our services in the future. These plans will mean that there will be exciting challenges and change ahead for the organisation. You will have the opportunity to use your skills and experience and be part of the new strategy for the organisation helping to ensure we continue to deliver a high quality service to our members.

CVS Cheshire East is able to directly impact on people's lives and our community as a whole and you can be part of that. You will be able to hear how through placing someone in a volunteering role we have helped people back into work or even for some people volunteering helps them overcome a health issue.

For example, one volunteer told us;

"It's been a life saver... Whilst I'm unemployed and slightly demoralised at the state of the current job market, volunteering has given me purpose! Also it's allowing me to acquire new skills and experiences that I can take on with me through my whole life. Very good experience!"

## 6. What does being a Trustee for CVS Cheshire East involve?

Being a trustee for any charity is a big decision and as a trustee you will be responsible for the charity so you should understand the role and the organisation. There may be some times when tough and difficult decisions need to be made, for example staff redundancies or removal of services.

Trustees that are joining the board from a member organisation must ensure that their actions on the board are at all times taken in the best interest of CVS Cheshire East not the organisation they are representing.

Being a trustee is a voluntary position and we don't offer a payment to our trustees for their time and expertise. We will however cover any out of pocket expenses that you may have.

CVS Cheshire East is a Company Limited by guarantee which means that you will have limited liability if the organisation had financial problems. Each trustee is equally responsible in an organisation and we ensure that all trustees have access to the financial reports at the board meetings and through the Finance Committee.

It is expected that Trustees will need to commit around 8 hours per month to the role. This includes:

- 6 Board meetings per year (we meet in the evenings and rotate between our offices in Sandbach and Crewe)
- being part of 1 Sub committee
- Attending 2 away days per year
- Ad hoc attending events on behalf of CVS Cheshire East

## 7. What skills and experiences is CVS Cheshire East looking for in a Trustee?

Currently the Board of Trustees are recruiting for representatives from the membership. This could be a staff member, volunteer or trustee/committee member from the organisation.

- Volunteer led organisations/groups – no paid staff
- Faith based organisations
- Organisations/groups operating in Eastern Cheshire (particularly Knutsford, Alderly Edge, Wilmslow, Handforth)

We would welcome individuals that have skills and experiences in:

- Young People (18-35)
- Women
- Black and minority ethnic

Please see our Trustee role description for further information.

## 8. What is your application process?

Our Application process is currently ongoing and we are accepting applications at any time.

Once your application is received a panel of trustees will review the application and then invite you for an informal interview to discuss the role.

Applicants successful after interview will then be invited to the next Trustee meeting.

Successful candidates will be co-opted onto the board until the next AGM where the appointment will be ratified by the membership. Until this time, you would be a full part of all discussions but would not have a vote.

It is expected that new members would attend at least two trustee board meetings before becoming a trustee. This is to ensure that there is time for you to make an informed decision about becoming a trustee and accepting the responsibility.
